Attention: U.S. SHAREHOLDERS

IMPORTANT TAX NOTICE

Re: Passive Foreign Investment Company Status

This notice is provided for shareholders who are U.S. persons for purposes of the U.S. Internal Revenue Code. It is not relevant to other shareholders.

The attached passive foreign investment company (“PFIC”) Annual Information Statement is being provided to you pursuant to U.S. Treasury Regulations Section 1.1295-1(g)(1). The PFIC Annual Information Statement contains information to enable you or your tax advisor to prepare your U.S. federal income tax return if you elect to treat TriStar Gold Inc. (“TSG”) and its non-U.S. subsidiaries as qualified electing funds (“QEFs”) for U.S. federal income tax purposes.

In general, a non-U.S. corporation is classified as a PFIC for a taxable year if either: (i) 75% or more of its gross income is passive income or (ii) 50% or more of the average value of its gross assets is attributable to assets that produce passive income. Passive income for this purpose generally includes dividends, interest, royalties, rents, and certain gains from commodities and securities transactions. If any subsidiary of a non-U.S. corporation that is a PFIC is also a PFIC, a U.S. person that owns stock in the parent PFIC generally will also be deemed to own its proportionate share of the stock of any subsidiary PFIC for U.S. federal income tax purposes.

TSG believes that it was a PFIC for the period beginning on January 1, 2018 and ending on December 31, 2018 and that its non-U.S. subsidiaries listed in the attached PFIC Annual Information Statement were PFICs for the same periods. TSG and one or more of its non-U.S. subsidiaries may continue to be PFICs in future taxable years until TSG generates revenue from operations.

A U.S. shareholder of a PFIC generally is subject to adverse U.S. federal income tax consequences unless such U.S. shareholder makes a QEF or mark-to-market election with respect to its PFIC stock. U.S. shareholders of TSG should consult with their own tax advisors regarding the advisability of making either election in their particular circumstances. A U.S. shareholder that makes a QEF election with respect to TSG and its non-U.S. subsidiaries is required to annually include in his, her or its income his, her or its *pro rata* share of the ordinary earnings and net capital gains of TSG and its non-U.S. subsidiaries. The QEF election is made by completing and attaching Form 8621 to your U.S. federal income tax return filed by the due date of the return, as extended.

WE STRONGLY URGE U.S. SHAREHOLDERS TO CONSULT WITH THEIR OWN TAX ADVISORS REGARDING ANY DECISION TO MAKE (OR REFRAIN FROM MAKING) ANY ELECTION THAT MAY BE AVAILABLE TO THEM BECAUSE ANY SUCH DECISION WILL DEPEND UPON THEIR OWN PARTICULAR TAX SITUATION AND MAY HAVE SIGNIFICANT AND CONTINUING U.S. FEDERAL INCOME TAX CONSEQUENCES.

TSG IS UNABLE TO GIVE ADVICE IN THIS REGARD

Further information on the PFIC rules is available at the U.S. Internal Revenue Service website.
