

INFORMATION CIRCULAR

As of November 2, 2020 (unless otherwise noted)

All figures are expressed in United States dollars (unless otherwise noted)

MANAGEMENT SOLICITATION OF PROXIES

TriStar Gold Inc. (“TriStar” or the “Company”) is providing this Information Circular and a form of proxy in connection with management’s solicitation of proxies for use at the annual general meeting of shareholders (the “Meeting”) of the Company to be held on December 10, 2020 and at any adjournment(s) or postponement(s) thereof. Unless the context otherwise requires, when we refer to the Company Information Circular, the Company’s subsidiaries are also included. The Company will conduct its solicitation by mail and officers and employees of the Company may, without receiving special compensation, also telephone or make other personal contact. The Company will not reimburse shareholders, nominees, or agents for their costs of obtaining authorization from their principals to sign forms of proxy. The Company will not pay the cost of solicitation.

APPOINTMENT OF PROXYHOLDER

The purpose of a proxy is to designate persons who will vote the proxy on your behalf in accordance with the instructions given by you in the proxy. The persons whose names are printed in the enclosed form of proxy are officers or directors of the Company, or appointees of the Company (the “Management Proxyholders”).

As a shareholder, you have the right to appoint a person other than a Management Proxyholder, to represent you at the Meeting by striking out the names of the Management Proxyholders and by inserting the desired person’s name in the blank space provided or by executing a proxy in a form similar to the enclosed form. A proxyholder need not be a shareholder.

VOTING BY PROXY

Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Shares represented by a properly executed proxy will be voted or be withheld from voting on each matter referred to in the Notice of Meeting in accordance with your instructions on any ballot that may be called for and if you specify a choice with respect to any matter to be acted upon, the shares will be voted accordingly.

If you do not specify a choice and you have appointed one of the Management Proxyholders as proxyholder, the Management Proxyholder will vote in favor of the matters specified in the Notice of Meeting and in favor of all other matters proposed by management at the Meeting.

The enclosed form of proxy also gives discretionary authority to the person named therein as proxyholder with respect to amendments or variations to matters identified in the Notice of the Meeting and with respect to other matters which may properly come before the Meeting. At the date of this Information Circular, management of the Company knows of no such amendments, variations or other matters to come before the Meeting.

COMPLETION AND RETURN OF PROXY

You must deliver the completed form of proxy to the office of the Company’s registrar and transfer agent, Computershare Trust Company of Canada, Proxy Department, 100 University Avenue, 8th Floor, Toronto, Ontario M5J 2Y1, fax: 1-866-249-7775 (North America) or 1-416-263-9524 (international), not less than 48 hours (excluding Saturdays, Sundays, and holidays) before the scheduled time of the Meeting or any adjournment(s) or postponement(s)

thereof. Alternatively, Shareholders may vote by telephone 1-866-732-8683 or via the internet (<https://www.investorvote.com>) and, if so, it is not necessary to return the proxy.

NON-REGISTERED HOLDERS

Only shareholders whose names appear on the records of the Company as the registered holders of shares or duly appointed proxyholders are permitted to vote at the Meeting. Most of the Company's shareholders are "non-registered" shareholders because the shares they own are not registered in their names but instead registered in the name of a nominee such as a brokerage firm through which they purchased the shares; bank, trust company, trustee or administrator of self-administered RRSPs, RRIFs, RESPs and similar plans; or clearing agency such as The Canadian Depository for Securities Limited (a "Nominee"). If you purchased your shares through a broker, you are likely an unregistered holder.

Non-registered holders who have not objected to their Nominee disclosing certain ownership information about themselves to the Company are referred to as "NOBOs". Those non-registered holders who have objected to disclosing ownership information about themselves to the Company are referred to as "OBOs".

In accordance with securities regulatory policy, the Company has distributed copies of the Meeting materials, being the Notice of Meeting, this Information Circular and the Proxy, to the Nominees for distribution to non-registered holders.

Nominees are required to forward the Meeting materials to non-registered holders to seek their voting instructions in advance of the Meeting. Shares held by Nominees can only be voted in accordance with the instructions of the non-registered holder. The Nominees often have their own form of proxy, mailing procedures and provide their own return instructions. If you wish to vote by proxy, you should carefully follow the instructions from the Nominee in order that your Shares are voted at the Meeting.

Meeting materials sent to non-registered holders who have not waived the right to receive Meeting materials are accompanied by a request for voting instructions (a "VIF"). This form is similar to, and used instead of a proxy. By returning the VIF in accordance with the instructions noted on it, a non-registered shareholder is able to instruct the registered shareholder (or Nominee) how to vote on behalf of the non-registered shareholder. VIFs, whether provided by the Company or by a Nominee, should be completed and returned in accordance with the specific instructions noted on the VIF.

If you, as a non-registered holder, wish to vote at the Meeting in person, you should appoint yourself as proxyholder by writing your name in the space provided on the request for voting instructions or proxy provided by the Nominee and return the form to the Nominee in the envelope provided. Do not complete the voting section of the form as your vote will be taken at the Meeting.

In either case, the purpose of this procedure is to permit non-registered shareholders to direct the voting of the shares which they beneficially own. Non-registered shareholders should carefully follow the instructions set out in the VIF including those regarding when and where the VIF is to be delivered. Should a non-registered holder who receives a VIF wish to attend the Meeting or have someone else attend on his/her behalf, the non-registered holder may request (in writing) to its Nominee, without expense to the non-registered holder, that the non-registered holder or his/her nominee be appointed as proxyholder and have the right to attend and vote at the Meeting.

The Company will not pay for intermediaries to deliver the Notice of Meeting, Information Circular and VIF to OBOs, and OBOs will not receive the Meeting materials unless their intermediary assumes the cost of the delivery.

REVOCABILITY OF PROXY

If you are a registered shareholder who has returned a proxy, you may revoke your proxy at any time before it is exercised. In addition to revocation in any other manner permitted by law, as a registered shareholder, you or your attorney authorized in writing or, if you are a corporation, by an authorized director, officer or attorney of the corporation, may revoke it by either:

- (a) signing a proxy bearing a later date; or

- (b) signing a written notice of revocation in the same manner as the form of proxy is required to be signed as set out in the notes to the proxy; or
- (c) attending the Meeting in person and registering with the scrutineer as a registered shareholder present in person.

Only registered shareholders have the right to revoke a proxy. The later proxy or the notice of revocation must be delivered to the office the Company's registrar and transfer agent at any time up to and including the last business day before the scheduled time of the Meeting or any adjournment(s) or postponement(s) thereof, or to the Chairman of the Meeting on the day of the Meeting or any adjournment(s) or postponement(s) thereof.

If you are a non-registered shareholder who wishes to revoke a proxy authorization form (voting instructions) or to revoke a waiver of your right to receive Meeting materials and to give voting instructions, you must give written instructions to your Nominee at least seven days before the Meeting.

VOTING SHARES AND PRINCIPAL HOLDERS

The Company is authorized to issue an unlimited number of common shares without par value (the "shares"), of which 228,763,872 shares are issued and outstanding as of November 2, 2020, the record date for the Meeting. There is only one class of shares.

Persons who are registered shareholders at the close of business on November 2, 2020 will be entitled to receive notice of and vote at the Meeting. On a show of hands, every shareholder and proxyholder will have one vote and, on a poll, every shareholder present in person represented by proxy will have one vote for each share. In order to approve a motion proposed at the Meeting, a majority of more than 50% of the votes cast will be required to pass an ordinary resolution, and a majority of at least two thirds ($\frac{2}{3}$) of the votes cast will be required to pass a special resolution.

To the knowledge of the directors and executive officers of the Company, US Global Investors, Inc. owns approximately 13.4% of the voting rights attached to all shares of the Company and no other person or company beneficially owns, controls or directs, directly or indirectly, shares carrying 10% or more of the voting rights attached to all shares of the Company.

ELECTION OF DIRECTORS

The directors of the Company are elected at each annual meeting of shareholders and hold office until the next annual meeting or until his or her successor is elected or appointed, unless his or her office is earlier vacated in accordance with the Articles of the Company or within the provisions of the *Business Corporations Act* (British Columbia) (the "BCBCA"). The shareholders will be asked to pass an ordinary resolution to set the number of directors of the Company at seven for the next year, subject to any increases permitted by the Company's Articles.

The Company has four committees; an Audit Committee, a Compensation Committee, a Communication Committee and a Governance and Nominating Committee. The members of each committee are appointed following the annual meeting of shareholders each year and during 2019 the members of these committees were as described in this Information Circular.

Unless you provide other instructions, the enclosed proxy will be voted for the nominees listed below, all of whom are presently members of the Board of Directors of the Company (the "Board" or "Board of Directors") or of senior management of the Company, except for Mr. Eric Zaunscherb who is a new nominee to the Board. Shareholders can vote for all of the proposed nominees, vote for some of them and withhold for others, or withhold votes for all of the proposed nominees. Management does not expect that any of the nominees will be unable to serve as a director. If before the Meeting any vacancies occur in the slate of nominees listed below, the person named in the proxy will exercise his or her discretionary authority to vote the shares represented by the proxy for the election of any other person or persons as Directors.

EXECUTIVE COMPENSATION

During the year ended December 31, 2019, the Company had four (4) Named Executive Officers ("NEO") as defined herein: Mark E. Jones III, Director and former Executive Chairman, Nicholas Appleyard, President and CEO and Director, Scott Brunsdon, CFO, and R. Mohan Srivastava, Vice-President. In April 2018, Mr. Srivastava resigned as an employee of the Company, but he continues to act as a consultant and remains an officer of the Company. Mr. Jones retired as Executive Chairman of the Company in July 2019, but remains a director. Mr. Jones received a lump sum termination payment of \$120,000 upon his retirement and the termination of his employment agreement.

Compensation Discussion and Analysis

Compensation, Philosophy and Objectives

The objectives of the compensation paid to a NEO is to provide fair and reasonable remuneration to the NEO to retain him as an employee recognizing the Company has limited financial resources. The base salary is designed to reward the individual for the time expended on his job, his experience and the expertise that he possesses in performing the duties to which he is entrusted. Currently, the Company provides a base salary, negotiated directly with each individual. The senior executives of the Company all have decades of experience in the mining industry and because of this experience, they are very familiar with salary levels for employees in the mining industry. The Company may supplement salaries by providing a grant of stock options to NEOs, based upon his performance as determined by the Company's Compensation Committee of the Board of Directors. The Company awarded stock options to officers, directors, employees and consultants in 2019. The Company did not grant any bonuses to any employees in 2019 and bonuses may be awarded to individuals at the discretion of the Board of Directors, although a formal bonus plan does not exist. Except as described here-in, the Company does not provide NEO's any personal benefits or perquisites and the Company does not provide any retirement benefits or post-retirement payments to its officers, employees or directors.

The Board of Directors has a Compensation Committee. However, this Committee did not formerly meet in 2019 because there were no significant compensation matters or changes to compensation matters that required consideration. The Board and the Compensation Committee have considered the implications of the risks associated with the Company's compensation policies and practices. The Board and the Compensation Committee are responsible for setting and overseeing the Company's compensation policies and practices. The Board and Compensation Committee do not provide specific monitoring and oversight of compensation policies and practices of the Company but do review, consider and adjust these matters annually.

It should be recognized that management and the Directors of the Company as a whole have substantial ownership positions in the Company and thus the actions of any NEO are believed to be closely aligned with the interests of all its shareholders. To date, the determination of the salaries of the NEOs has primarily been based upon negotiation directly with each individual and there have not been any formal surveys, benchmarking or compensation studies undertaken.

Analysis of Elements

Remuneration plays an important role in attracting, motivating, rewarding and retaining knowledgeable and skilled individuals to the Company's management team. The Company does not have a formal compensation program. The Compensation Committee meets, on an as needed basis, to discuss and determine management compensation, without reference to formal objectives, criteria or analysis. The Compensation Committee seeks to ensure that total compensation paid to all NEOs is fair and reasonable. The Compensation Committee informally reviews compensation paid to executives of companies of similar size of development in the mining industry and determines an appropriate compensation reflecting the need to provide incentives and compensation for the time and effort expended by the executives while considering the financial and other resources of the Company.

Base salary is used to provide the NEOs a base amount of money during the year with the expectation that each NEO will perform his responsibilities to the best of his ability and in the best interests of the Company. Cash bonuses may be used, as determined by the Compensation Committee and the Board, to supplement the issuance of option-based awards and such bonuses are related to the financial performance of the Company, as well as the performance of the

individual. During the year ended December 31, 2019, no bonuses were paid to any of the NEOs, directors or employees.

The Company considers the granting of incentive stock options to be a significant component of executive compensation as it allows the Company to reward each NEO's efforts to increase value for shareholders without requiring the Company to use cash from its treasury. Stock options are generally awarded to directors, officers, consultants and employees at the commencement of employment and periodically thereafter. The terms and conditions of the Company's stock option grants, including vesting provisions and exercise prices, are governed by the terms of the Company's stock option plan (the "Stock Option Plan"), as approved by the shareholders of the Company.

Long Term Compensation and Option Based Awards

The Company has no long-term incentive plans other than the Stock Option Plan. The Company's directors, officers, consultants and employees are entitled to participate in the Stock Option Plan. The Stock Option Plan is designed to encourage share ownership and entrepreneurship on the part of the senior management and others. The Board believes that the Stock Option Plan aligns the interests of the NEO and the Board with shareholders by linking a component of executive compensation to the longer-term performance of the Company's common shares.

Options are granted by the Board of Directors as recommended by Management and the Compensation Committee. In monitoring or adjusting the option allotments, the Board considers its own observations on individual performance and its assessment of individual contribution to shareholder value, previous option grants and any objectives that may be established for the individual and the Board. The size of option grants is believed to be commensurate to the appropriate level of base compensation for each individual's level of responsibility and the individual's future contributions to the Company.

In addition to determining the number of options to be granted pursuant to the methodology outlined above, the Board also makes the following determinations:

- parties who are entitled to participate in the Stock Option Plan;
- the exercise price for each stock option granted, subject to the provision that the exercise price cannot be lower than prescribed discount permitted by the the TSX Venture Exchange (the "Exchange") from the market price on the date of grant;
- the date on which each option is granted;
- the vesting period, if any, for each stock option;
- the other material terms and conditions of each stock option grant; and
- any re-pricing or amendment to a stock option grant.

The Board makes these determinations subject to and in accordance with the provisions of the Stock Option Plan. The Board typically reviews and approves grants of options annually or every few years.

Compensation Risk Assessment and Mitigation

The Board and the Compensation Committee have considered the implications of the risks associated with the Company's compensation policies and practices. The Board and the Compensation Committee are responsible for setting and overseeing the Company's compensation policies and practices. The Board and Compensation Committee do not provide specific monitoring and oversight of compensation policies and practices of the Company but do review, consider and adjust these matters periodically. The Company does not use any specific practices to identify and mitigate compensation policies that could encourage a NEO or individual at a principal business unit or division to take inappropriate or excessive risks. These matters are dealt with on a case-by-case basis. The Company currently believes that none of its policies encourage a NEO to take such risks. The Company has not identified any risks arising from its compensation policies and practices that are reasonably likely to have a material adverse effect on the Company.

There are no restrictions on NEOs or directors regarding the purchase of financial instruments, including prepaid variable forward contracts, equity swaps, collars or units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or

director. For the year ended December 31, 2019, no NEO or director, directly or indirectly, is believed to have employed a strategy to hedge or offset a decrease in market value of equity securities granted as compensation or held.

CORPORATE GOVERNANCE DISCLOSURE

National Policy 58-201 *Corporate Governance Guidelines* establishes corporate governance guidelines which apply to all public companies. The Company has reviewed its own corporate governance practices in light of these guidelines and, as prescribed by National Instrument 58-101 *Disclosure of Corporate Governance Practices*, the Company discloses the following.

The Company has a Governance and Nominating Committee which actively oversees and reviews the Company's adherence to sound governance principles, including its own governance policies. The members of the Governance and Nominating Committee are Brian Irwin, Carlos Vilhena, and Nick Appleyard.

Nomination of Directors

The Governance and Nominating Committee of the Board is responsible for identifying potential Board candidates. This committee assesses potential Board candidates to fill perceived needs on the Board for required skills, expertise, independence and other factors. Members of the Board and persons with experience related to mineral exploration are consulted for possible candidates. Nominees are interviewed by the committee and are asked to join the Board where consensus regarding the nominee is obtained.

Communication Committee

The Company has a Communication Committee which is responsible for reviewing the Companies news releases, website content and social media activity to ensure the disclosure is accurate, time and meets the full disclosure requirements of applicable securities laws. The members of the communication Committee as at November 2, 2020 are Mark Jones III, Brian Irwin and Nick Appleyard.

Independence of Members of Board

Irwin is not independent as he is the Company's Corporate Secretary.

Management Supervision by Board

The size of the Company is such that all the Company's operations are conducted by a small management team which is also represented on the Board. The Board considers that management is effectively supervised by the independent directors on an informal basis as the independent directors are actively and regularly involved in reviewing and supervising the operations of the Company and have regular and full access to management. Independent supervision of management is accomplished through choosing management who demonstrate a high level of integrity and ability and having strong independent Board members. The independent directors are however able to meet at any time without any members of management including the non-independent directors being present. Further supervision is performed through the Audit Committee which meets from time-to time with the Company's auditors without management being in attendance.

Participation of Directors in Other Reporting Issuers

The participation of the directors in other reporting issuers is described in the table provided under “Election of Directors” in this Information Circular.

Orientation and Continuing Education

The Company’s Board of Directors takes the following steps to ensure that all new directors receive orientation regarding the role of the Board, its committees and directors, and the nature and operations of the Company:

1. An assessment is made of the new director’s set of skills and professional background. This allows the orientation to be customized to that director’s needs since different information regarding the nature and operations of the Company’s business will be necessary and relevant to each new director. Once this is determined, one or more of the existing directors, who may be assisted by the Company’s management, provide the new director with the appropriate orientation through a series of meetings, telephone calls and other correspondence.
2. Technical presentations are conducted at most Board meetings to ensure that the directors maintain the skills and knowledge necessary for them to meet their obligations as directors of the Company.

All Board members are encouraged to communicate with management, auditors and technical consultants; to keep themselves current with industry trends and developments and changes in legislation with management’s assistance; and to attend related industry seminars and visit the Company’s operations.

Board members have full access to the Company’s records.

Ethical Business Conduct

The Board views good corporate governance as an integral component to the success of the Company and to meet responsibilities to shareholders. The Board is responsible for the stewardship of the Company including strategic planning, identification of the principal risks of the Company’s business and implementation of appropriate systems to manage these risks. In addition, the Board is responsible for succession planning and the integrity of the Company’s internal controls. The Board seeks to foster a culture of ethical conduct by striving to ensure that the Company conducts its business in line with high business and moral standards and applicable legal and financial requirements. In that regard, the Board encourages management to consult with legal and financial advisors to ensure that the Company is in compliance with legal and financial requirements; is aware of the Company’s continuous disclosure obligations and reviews, prior to their distribution, such material disclosure documents including, but not limited to, the interim and annual financial statements and MD&A; relies on the Committee to review and discuss the Company’s systems of financial controls with the external auditor; actively monitors the Company’s compliance with the Board’s directives to ensure that all material transactions are reviewed and authorized by the Board before being undertaken by management. The Board has established a “Whistleblower Policy” which details the complaint procedures for financial concerns.

The Board must comply with the conflict of interest provisions of the BCBCA in addition to the relevant securities regulatory instruments and Exchange policies, in order to ensure that the Directors exercise independent judgment in considering transactions and agreements in respect of which a director or executive officer has a material interest.

Compensation of Directors and Senior Management

The Compensation Committee is responsible for determining compensation for the directors and senior management. The members of the Compensation Committee are Carlos Vilhena, and Quinton Hennigh, both of whom are independent.

Quinton T Hennigh: Mr. Hennigh has been a director of the Company since 2015 and is currently Chairman, President and a Director of Novo Resources Corp.. In addition to founding Novo Resources, Mr. Hennigh is a director of a number of other gold exploration companies. Prior thereto Mr Hennigh worked for a number of senior gold mining companies. Mr. Hennigh holds a PH.D in Geology/ Geochemistry from the Colorado School of Mines.

Carlos Vilhena is an experienced lawyer and acts as counsel for many international exploration companies and is a senior partner in the law firm which employs him.

The Board is of the view that the Compensation Committee collectively has the knowledge, skills, experience and background to make decisions on the suitability of the Company's compensation policies and practices.

The Compensation Committee periodically reviews compensation paid to directors and senior management of companies of similar size and stage of development in the mineral exploration industry and determines appropriate compensation reflecting the need to provide incentive and compensation for the time and effort expended by the directors and senior management, while considering the financial and other resources of the Company. In setting the compensation, the Compensation Committee annually review the performance of the senior management in light of the Company's objectives and considers other factors that may have impacted the success of the Company in achieving its objectives.

Board Committees

As the directors are actively involved in the operations of the Company, the Board has determined that additional committees are not necessary at this stage of the Company's development.

Assessments

The Board does not consider that formal assessments would be useful at this stage of the Company's development. The Board conducts informal annual assessments of the Board's effectiveness, the individual directors and each of the Company's committees. In the Board's view, based on the size and the nature of the relationships between the Board members, a formal committee for assessments is not required at the present time.

PARTICULARS OF MATTERS TO BE ACTED UPON

Management of the Company knows of no matters to come before the Meeting other than those referred to in the Notice of Meeting accompanying this Information Circular. However, if any other matters properly come before the Meeting, it is the intention of the persons named in the form of proxy accompanying this Information Circular to vote the same in accordance with their best judgment of such matters.
